

Simplifying Full Mouth Implant Reconstruction with New Techniques and Materials!

“Recession Proof”

your office by incorporating these concepts into your general practice! **May 17, 2014 Saturday**

Attending this one day seminar/workshop you will learn:

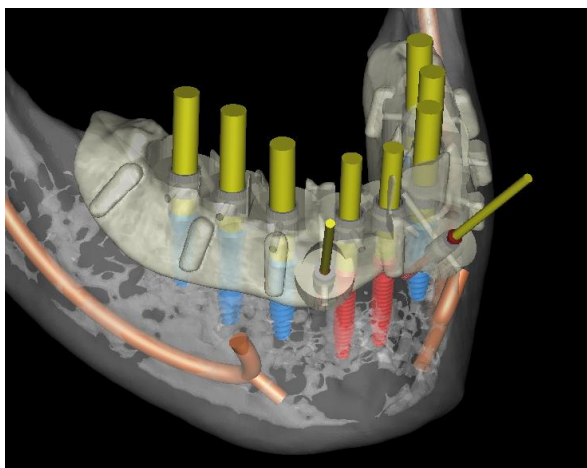

- Case presentation that works in any economy
- Dynamics of Simple Implant Placement & Restoration
- Learn About Immediate Stabilization Dental Implants
- 3D Virtual Treatment Planning for the Best Outcomes
- Overdentures, Hybrids, and Fixed Bridges on dental implants

- Simplifying Relines without Error
- Immediate Implant Placement & Progressive Loading
- Advantages of Zirconium Crowns & Bridges reviewed
- Marketing that gets patients in to accept treatment
- Troubleshooting Rehabilitation and Reconstruction cases

“The overdenture implant system that I learned from you has taken my practice to the next level. Most importantly, I can offer a very good and affordable option to my patients that might not be able to afford full fixed bridges on dental implants. Last month alone, I produced an extra \$43,000 thanks to your training with minimal chair time or expense. Thank you so much!

Dr. Marek Baldek, Illinois

Guest Speaker for this One Day Lecture

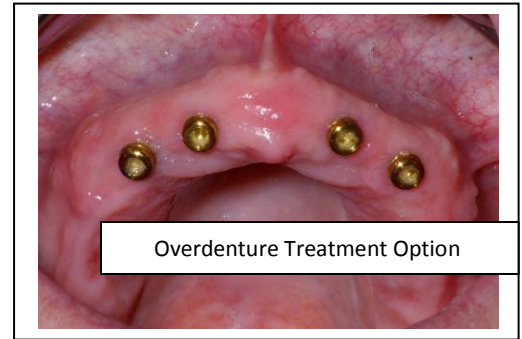

Ara Nazarian DDS, DICOI
